

Rhonda Dixon Art Studio

Art Students and Parents,

These are just a few rules and suggestions to help keep our studio clean and serviceable for years to come.

1. Please keep your table, work area, and brushes clean.
2. Keep painting patterns organized in the correct containers.
3. You may use my rest room and wash your hands there, but you will **NOT** be allowed to wash your brushes in my rest room. A sink is located outside for washing brushes.
4. **NO** mineral spirits may be poured out at my house. It may **NOT** be poured out in any sink or on the ground. You must take it with you and dispose of it.
5. Please enter the studio through the studio door under the carport.
6. Parking: You may either park on the grass to the right of the driveway or on the street.
7. Please do not drop students off before 3:30.
8. Please remember your instruction fee is due on the first lesson of each month.
9. Please check your supplies often throughout the year and have everything you need for your lesson each week.
10. At the students' request, canned drinks and snacks will be available for purchase. These can be charged on the charge book with parents permission.

Thank you,
Mrs. Rhonda
